

CHEREVICHKIOTVICHKI

FOR

Yohji Yamamoto

March, 2018

The ongoing collaboration project “Cherevichkiotvichki for Yohji Yamamoto” ventures out together into the next women’s footwear season.

The Fall 2018 Femme collaboration collection, follows a these of surrealism and cubism, as well as giving an ode to Azzedine Alaïa with strong and stern construction ideas.

The first style - a geometric single piece boot standing on a hexagonal heel. The second style - a square linen boot embellished with cut-off leather pieces from the former model. A kind of leather and linen patchwork going up the centre of the boot, as a serpent of relationship, as if flourishing up its stem.

These shoe styles presented with Yohji Yamamoto’s ‘twice layered coats’ and cinched corseted looks are a touching, respectful and emotive tribute to honour the beautiful oeuvre of Alaïa.

The collaboration pieces will be exclusively available in the Yohji Yamamoto stores and selected boutiques worldwide in the Summer 2018.
